

Ask the world which company the photovoltaic panels are from

Overview

The largest solar panel manufacturers in 2026 are JinkoSolar, LONGi Green Energy, Trina Solar, JA Solar, and Canadian Solar. These five shipped over 165 GW of modules in 2024, accounting for more than half of global production. The Global Solar Photovoltaic (PV) Market was valued at USD 219.6 Billion by 2030, growing at a Compound Annual Growth Rate (CAGR) of 11.4% during the forecast period (2024-2030). This robust growth is fueled by aggressive global decarbonization. During the first three quarters of 2025, the photovoltaic industry has reached a new balance among the leading manufacturers. According to Solarbe. The 10 photovoltaic module producers leading global output face falling prices, fierce competition, and growing manufacturing overcapacity. Chinese companies hold eight of the top ten spots, including the. PVTIME – On 10 June 2025, the PVBL 2025 Global Top 100 Solar Brands rankings and the PVBL 2025 Global Solar Brand Influence Report were unveiled at the 10th Century Photovoltaic Conference in Shanghai, China. During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic. A data-backed ranking of the 10 largest solar panel manufacturers, covering shipment volumes, cell technologies, factory locations, and what separates each company from its rivals. Disclosure: This post may contain affiliate links. As an Amazon Associate, we earn from qualifying purchases. This. The global solar panel industry is dominated by a small group of massive manufacturers — most of them Chinese — that collectively produce the majority of the world's photovoltaic modules.

2025 Top 20 Global Photovoltaic Module Manufacturers Revealed by

In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over

American-made solar panels: Who are the top manufacturers?

Canadian Solar Canadian Solar is one of the largest solar panel manufacturers in the world, and while the company is headquartered in Canada (hence the name), it operates a major

Top 20 Solar Panel Manufacturers in the World

All this makes it notable among the top solar panel companies in the world. Finding authentic solar panel manufacturers is now simplified. This

Top Solar Panel Manufacturers | Largest PV module suppliers

Top Solar Panel Manufacturers With the global anxiety about climate change, solar energy is becoming more popular as a key source of clean power. Several hundreds solar companies are engaged in

Who are the top 10 photovoltaic module producers in the world?

Global photovoltaic industry, 2024 ranking Who are the top 10 photovoltaic module producers in the world? Each year, Wood Mackenzie answers this question with an analysis of the

Who are the Top 100 PV manufacturers today?

It reveals the top 100 PV manufacturers, ranked in order from 1 to 100, and rated in bands from Platinum through to Bronze.

Top 10 Global Photovoltaic Module Manufacturers in 2025

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10

List of the 100 largest solar panel manufacturers Global

Get access to our exclusive list of the most relevant solar panel manufacturers worldwide. Including information like GW capacity and contact

Top 12 Solar Panel Manufacturers in 2026

Explore the biggest solar panel manufacturers and top-tier brands: a detailed comparison of the solar industry's big players.

Top 10 Companies in the Solar Photovoltaic PVs Industry (2025):

In this blog, we profile the Top 10 Companies in the Solar Photovoltaic PVs Industry—a combination of established giants, innovative module manufacturers, and integrated energy solution

2024 Top 20 Global Photovoltaic Module Manufacturers

PVTIME – Renewable energy capacity additions reached a significant milestone in 2023, with an increase of almost 50% to nearly 510GW, mainly

Regional distribution of solar module production | Statista

Distribution of solar photovoltaic module production worldwide in 2024, by country
The chart is not accessible to screen readers. Please switch to the table view to access the data.

Where are solar panels made? [Top 9 countries, 2026]

Wondering where solar panels are manufactured? We run through the nine countries that dominate solar panel production, from Canada to Taiwan.

The Top 10 Largest Solar Panel Manufacturers in the World

The majority of the world's solar panels are produced by Chinese manufacturers. The top producers are JinkoSolar, LONGi Solar, Trina Solar, JA Solar, Tongwei Solar, Canadian Solar, Risen

Who are the top 10 photovoltaic module producers in the world?

Who are the top 10 photovoltaic module producers in the world? Each year, Wood Mackenzie answers this question with an analysis of the 40 largest solar panel brands across 10

Top 10 Solar PV Panel Manufacturers in the World 2026

LONGi is recognized as a global leader among solar PV panel manufacturers, ranking No. 1 in China's photovoltaic industry. With a workforce

Latest Solar Panel Technology 2026: Trends & Innovation

Explore the latest solar panel technology in 2026, from perovskite tandem cells and bifacial panels to flexible solar, transparent PV glass, and AI-powered smart

10 Top Solar Panel Manufacturers (Who Dominates in 2026?)

A data-backed ranking of the 10 largest solar panel manufacturers, covering shipment volumes, cell technologies, factory locations, and what separates each company from its rivals.

14 Biggest Solar Companies in the World

Juggernaut industry leaders like Hanwha Qcells and Trina Solar are considered amongst the very best solar panel companies worldwide. Below is a

Perovskite Solar Panels 2026: Efficiency, Stability & Commercial ...

Perovskite solar panels 2026: 33.9% tandem efficiency records, stability challenges, and commercial timeline. Technology guide for investors.

2025 solar ranking | Wood Mackenzie

The world's top 10 solar photovoltaic (PV) module manufacturers shipped a record 500 gigawatts (GW) of modules in 2024, nearly doubling the previous year's volume, according to Wood

WoodMac: Top 10 solar panel manufacturers control 75% of global

Wood Mackenzie has released its latest “ Global Solar Module Manufacturer Ranking ” report for the first half of 2025, which assesses solar panel companies on shipments, bankability and

Top 10 List of Solar PV Module Manufacturer

Discover the top 10 solar PV module manufacturer companies in 2025, featuring American-made solar panels and industry leaders like First Solar and LONGi

Top 10 Solar Panel Manufacturers In The World

Explore the dynamic world of solar panel manufacturers, from China's market dominance to companies founded here in the UK. Find the perfect fit for you.

Top 10 solar panel manufacturers 2025 by global shipments

Discover the top 10 solar panel manufacturers by global shipments in 2025. Ranking with Jinko, LONGi, Trina, and JA Solar...

Where Are Solar Panels Made? Why Your Manufacturer Matters

Learning where and how a product was made is part of ethical consumerism. Discover where solar panels are made and
