

Bhutan solar Module Procurement Project

Overview

Bhutan's authorities are seeking a developer to design, supply, install, test and commission a 120 MW solar farm. The deadline for applications is Jan. Bhutan's state-owned generation utility Druk Green Power Corporation Limited is running a 120 MW solar . Bhutan's Ministry of Economic Affairs, on behalf of the Department of Renewable Energy, has invited bids for the design, procurement, construction, and completion of the 17. 38 MW Sephu solar photovoltaic (PV) power project. What is a solar project in Bhutan?

Project Goals and Approach to. The Jamjee Solar PV Project is located about 25 km from the capital city, under Mewang Gewog, Thimphu. One of the three sites is connected by a bitumen-paved road from the Thimphu-Phuentsholing National. It is historic, as we lay foundations for the construction of the 17. Browse active tenders, download bid documents, and submit proposals in accordance with DGPC procurement guidelines.
