

GoodWe Energy Storage solar inverter

Overview

The Chinese company says that its new ESA series is available with a hybrid inverter ranging from 3 kW to 10 kW and storage capacities of 5 kWh to 48 kWh. The IP66-rated product supports an MPPT current of up to 20 A on the PV side and allows 200% PV oversizing, according to the. This page highlights GoodWe's extensive lineup of solar energy solutions, featuring residential and commercial grid-tied inverters, utility-scale systems, energy storage options, batteries, EV chargers, software and accessories, and PV building materials. GoodWe's C&I grid-tied inverters are designed to deliver high efficiency and reliability. With a strong presence in over 100 countries, GoodWe has built a reputation for quality engineering and customer-focused design. With the hybrid inverter series such as ET Plus+, BT, ES G2, N-ET Plus+ or EM, GoodWe offers sophisticated solutions for anyone who wants to combine self-consumption, emergency power supply and storage integration in one system. The devices support both high-voltage and low-voltage batteries, have.

GoodWe Solar Inverters: Complete 2025 Buyer's Guide

Comprehensive GoodWe inverter guide covering all models, performance testing, troubleshooting, and expert comparisons. Find the best

GoodWe AU: Solar Solution Expert

GoodWe provides a solution to generate clean electricity for your own solar-powered home. When it comes to residential solutions featuring superior safety and easy installation, GoodWe is the ideal

GoodWe Inverters | Reliable Solar Power

Signature Solar is offering GoodWe solutions to bring our customers trusted, high-performance technology backed by global expertise and innovation. GoodWe is a globally recognized

ET Series

The GoodWe ET series is a Three-Phase, high-voltage, energy storage inverter that provides enhanced energy independence and maximises self-consumption for

ESA Series

The GoodWe ESA Series is a fully integrated all-in-one solar and storage solution that combines inverter and battery in a pre-wired, modular design—making

GoodWe releases new residential all-in-one storage solution

The Chinese company says that its new ESA series is available with a hybrid inverter ranging from 3 kW to 10 kW and storage capacities of 5 kWh to 48 kWh. The IP66-rated product

GoodWe introduces Warm Home All-in-One Solution to UK while

In the meantime, service becomes clear and standardised. (Neil Evans, Country Manager of GoodWe UK, introducing GoodWe Warm Home All-in-One Solution) ESA Energy Storage System

top 10 solar inverter manufacturers in the world 2025

Let's explore the top 10 solar inverter brands to watch in 2025, each contributing to the global shift towards smarter, more efficient energy systems. Types of Solar Inverters Choosing the

GoodWe inverters and batteries | Libra Energy

The GoodWe ESA all-in-one series combines inverter and storage in a single solution, allowing you to install faster and reduce costs. Thanks to its smart,

GoodWe unveils AI powered smart energy ecosystem at SNEC 2026

GoodWe showcased a comprehensive smart energy portfolio integrating solar generation, energy storage, intelligent loads and AI powered energy management. The company highlighted its

GoodWe releases new residential all-in-one storage solution

With support for up to six inverters and 288 kWh of storage, the system scales to meet larger applications. Both inverters and batteries carry an IP66 rating, allowing for indoor or outdoor

GoodWe EMEA: The Smart Energy Innovator

GoodWe, a global leader in renewable energy solutions, offers a wide range of cutting-edge PV inverters, energy storage solutions and building

GoodWe Highlights Connected Energy Systems at Intersolar 2026

GoodWe has announced their comprehensive lineup of inverters, storage and integrated energy solutions like heat pumps and solar carports for the Intersolar 2026. Munich, Germany - June

Growatt | Global Leading Distributed Energy Solution Provider

Growatt is a global leading distributed energy solution provider, specializing in sustainable energy generation, storage and consumption, as well as energy digitalization for residential and commercial

Solar Inverters

GoodWe's residential energy storage products are designed to provide homeowners with reliable and efficient energy solutions. These systems seamlessly integrate with solar panels to store excess

GoodWe hybrid inverters

GoodWe hybrid inverters stand for a smart combination of PV generation, battery storage and grid power - ideal for users who want to increase their self-consumption rate and integrate backup

GoodWe US: Smart Energy Innovator

GoodWe US is a smart energy innovator and a global manufacturer of residential solar inverters, energy storage solutions and PV building materials.

GoodWe introduces low-noise all-in-one storage system for rooftop PV

The latest in the company's residential ESA Series is a three-phase all-in-one energy storage system that integrates the inverter, battery and intelligent energy management into a single...
