

What solar generator is good

Overview

After testing 12 generators, we narrowed it down to the five best models: 1. Best portable solar generator: EcoFlow RIVER 2 Pro 2. Best large portable solar generator: Anker SOLIX F2000 (PowerHouse 767) 3. The EcoFlow RIVER 2 Pro is a small wonder. Weighing in at 17.8 pounds and with 768 watt-hours (Wh) of energy storage, the RIVER 2 Pro packs the most energy per pound. The Anker SOLIX F2000 (PowerHouse 767) is large and in charge, with just over 2 kWh of energy storage in a really cool, rollable form factor. With a collapsible pull handle and heavy. Even though nobody seems to know how to say OUPES (does it sound like “opus” or rhyme with “hopes”?)

), we definitely know that we'd recommend their products to anyone looking for. The EcoFlow DELTA 2 Max is truly one of the most full-featured portable power stations on the market. Boasting just over 2 kWh of storage in a compact 52.2-pound package, the DE.
